Kick-start your career with our MBA program in General Management. Earn your MBA full-time at the University of Potsdam near Berlin through self-studying periods and on-site block seminars on the beautiful Griebnitzsee campus at the top-ranked University of Potsdam.

With its highly practice-focused curriculum and diverse faculty, it is the ideal program for aspiring international leaders from the Berlin-Brandenburg region and around the world.

Prof. Dr. Uta Herbst
Academic Director

“The curriculum of the General Management MBA at the University of Potsdam is carefully crafted to suit the needs of international mid-career professionals who want to take their career to the next level.”

Welcome to the General Management MBA Program at the University of Potsdam

The General Management MBA program was developed by UP Transfer GmbH at the University of Potsdam. It provides aspiring business leaders with the skills and knowledge necessary to succeed in a dynamic and challenging business environment. The program offers a practice-relevant curriculum that prepares you to navigate complex international management decision-making.

During the program, students will engage in core business disciplines such as finance, marketing, operations, human resources, and entrepreneurship. They will build a solid foundation in these areas while exploring advanced topics such as leadership, innovation, and global business trends. The curriculum is carefully crafted to balance theory and practice, enabling graduates to tackle real-world challenges.

Program Strengths

Our MBA program offers a holistic learning journey, blending practical, academic, and research-based approaches to business management.

Blended Learning

The General Management MBA program is a full-time commitment, but we recognize the importance of balancing your professional and personal life. Consisting of in person and remote learning phases, the program integrates into your daily routine, allowing you to combine your studies with your professional and personal life. The seminars are conducted in concentrated block sessions.

Unique Location in Berlin-Brandenburg

Located in the Berlin-Brandenburg region, based in the historic town of Potsdam, our MBA program benefits from this thriving scientific and economic landscape. The network of research institutions in this area promotes an environment of innovation and academic growth. Here, you can effectively bridge the gap between research and practice. The regional train from Berlin Main Station to Griebnitzsee campus, where most courses take place, takes about 30 minutes.

Get in touch with us to see if your work experience can be credited so that you do not need to take the project module.

Academic Excellence and Accreditation at the University of Potsdam

We take pride in the rigorous academic standards of our program, accredited by ACQUIN under the University of Potsdam. This accreditation reflects our commitment to academic excellence and quality assurance, ensuring that your MBA is recognized and respected worldwide.

Practical Learning

At our institution, *UP Transfer GmbH at the University of Potsdam*, we believe in the practical application of knowledge. We integrate insights gained from university research into our MBA teaching. This approach ensures that your education is immediately relevant to real-world challenges and opportunities. You will not only gain theoretical knowledge, but also first-hand experience in applying business concepts in various contexts.

Project Module

The Project Module is a culminating and integrative academic endeavor in the final stages of our MBA program. It is only compulsory if you do not yet have two years of relevant work experience. It serves as a comprehensive and practical demonstration of your acquired knowledge, skills, and expertise in your chosen field of study. The primary purpose of this capstone project is to provide less experienced students with an opportunity to apply classroom learnings to real-world challenges, conduct independent research, and produce substantial work that demonstrates their proficiency and readiness for the professional world.
